

National Museum of the Marine Corps--Museum Store

Bulk Terms and Conditions

The National Museum of the Marine Corps - Museum Store (NMMC-MS) Wholesale Division operates a bulk operation to provide goods and services to select organizations. Our distinctive line of products includes several exclusive items and lines of note. We have unique items and gifts for serving Marines, inactive Marines, and families or friends of those serving with the Corps. Many of the items are inspired by or items unique to Museum collections, Marine Corps history/traditions, or items designed exclusively for NMMC-MS use. Now these are available to qualifying organizations.

Where To Start:

These guidelines will help you get started doing business with the Wholesale Division of the National Museum of the Marine Corps – Museum Store. The first thing your organization needs to do is qualify as an association wishing to buy bulk items (for one time, non-retail use).

To qualify for bulk sales, you should be buying an item in bulk for one time use and not for retail sales. You will need to check with us for availability and minimum quantities. You should allow five weeks lead time for most items if we do not have them in-hand to insure that you receive what you want when you need it.

Bulk buying:

- Must buy either 24 of an item that is larger, or a case pack/case-pack multiples (that exceed that amount) to receive **15% off MSRP** (no other member discounts apply) (Example: for pins, generally 100 are the amount we sell in bulk). Call to determine amount for specific products.
- Order must be prepaid at time of order
- Cannot be for retail such as through a store front location or web/mail order store

- Prices exclude shipping—that is a separate charge

Where to order:

You can order in a variety of ways:

- By mail—fill out your order and mail,
- Email—fill out online order form at http://www.marineheritage.org/Store_index.asp
- Fax it to us—complete order form and send to our fax number
- By phone

Shipping:

Normal shipping rates apply (except in certain instances such as glassware or other heavier items).

If you wish to add order insurance, that is an additional charge which will be determined by the carrier and will be passed on to you.

Normally orders are sent via Fed Exp and not USPS or UPS.
